Message from Mr. Clucas, Headteacher

The end of the school year is an incredibly busy time in school. There are usually lots of things to fit in before the end of the year: school reports, classroom swaps, resources to organise, year 6 events to coordinate. It's a never ending list.

But aside from all the business, it's worth taking a moment to reflect on all the lovely moments a school year is made up of; moments our whole school community can be proud of.

Each and every day pupils come to school committed to improve themselves. They listen to feedback from their teachers, reflect upon it, develop their resilience and act upon it. They reflect on their learning and are resourceful in ensuring they improve. Every day our pupils ensure they become a little better at what they do. It's amazing they do this eagerly, daily and continuously.

So a huge thank you from all of us here at Layton for ensuring our school community continues to be successful, continues to ensure our pupils, and staff learn every single day how they can be better versions of themselves, and continues to grow great minds together. We all hope you have a great Summer and look forward to the start of another school year in September.
